

Mark Hoffman is the Health & Safety Director for Rudolph/Libbe Inc. With more than 30 years of construction safety experience, he serves as a consultant to management, supervision, and field associates. Mark provides guidance and technical assistance to help all associates achieve the goal of zero incidents. Mark is a Certified Safety Professional, an OSHA-certified construction safety and health instructor and a professional member of the American Society of Safety Engineers. He serves in a leadership role on the Associated General Contractors' National Safety and Health Committee, and is a member as the AGC of Ohio and AGC of Northwest Ohio safety committees. Mark is also a member of the Northwest Ohio Region 1 Urban Search & Rescue Team.
